

THE COMPANY

The company IESFlli Mammarella srl of Vacri, was founded in 1963, operates mainly in central-northern Italy dealing with public-private and religious construction with specialization and certification in restoration, consolidation and maintenance of real estate of historical and artistic interest. In the last ten years it has been involved in the restoration and consolidation of over one hundred churches and historic buildings in several regions. Among the major works, she has recently dealt with the restoration and seismic adaptation of the Napoleonic palace, former dormitory villa in Ancona, home to the accommodation and refreshment of over 150 bishops and cardinals participating in the 2011 national Eucharistic congress. This structure was visited and inaugurated by his holiness, Pope Benedict XVI .
